FOREIGN PHYSICIAN RECRUITMENT & GREEN CARD OPTIONS

for Foreign Healthcare Employees

Wednesday, July 26

7:30-9:30 a.m.

Texas Scottish Rite Hospital for Children
2222 Welborn Street, Dallas, Texas

Foreign-born, internationally trained physicians and healthcare employees are a vital resource for recruiters. Because foreign-born international medical graduates (IMGs) must obtain work visas to practice in the U.S., it's important for recruiters to stay current on U.S. immigration laws and procedures. Over 200,000 — roughly one-quarter of physicians in active patient care — are IMGs. In some specialties they even represent over 20% of all active physicians. Approximately 7,000 of the 25,000 residents who complete U.S. medical residency training each year are IMGs. Please join us for an opportunity to discuss immigration concepts, case nuances and a review of the immigration status of IMGs with experienced legal professionals.

BULLYING & Workplace Harassment plus DISCIPLINE & Discharge

**Wednesday, August 16
7:30-9:30 a.m.**

Texas Scottish Rite Hospital for Children
2222 Welborn Street, Dallas, Texas

Workplace bullying—teasing, belittling comments, yelling, name-calling, and even threatening employees with discipline or physical harm—often goes unchecked. Employees may be afraid to speak up, especially if the bully is a manager. Workplace bullying is conduct that takes the form of verbal abuse, threats, humiliation, intimidation or interference that prevents the target from getting work done. Bullying is illegal when it violates federal or state laws prohibiting discrimination and harassment in the workplace. Learn from experienced employment attorneys how to assess the facts of this growing issue in the workplace.

Practical insights on recent **FALSE CLAIMS ACT LITIGATION** and **Internal Investigation Matters**

Please join us to hear insights from our Government Enforcement attorneys based on their recent experiences in negotiating and resolving False Claims Act cases, in working with the OIG and CMS on government inquiries and Corporate Integrity Agreements, and in conducting internal investigations and making decisions regarding corrective actions and self-disclosures to best position yourself in light of potential government inquiry. We will also discuss recent trends in False Claims Act case law and in government enforcement under the new administration.

Timeshare Arrangements for Visiting Physicians

Wednesday, September 20

7:30-9:30 a.m.

Las Colinas Country Club

4400 N. O'Connor Road, Irving, TX 75062

Timeshare leases and licenses are very common tools that hospitals use to attract both primary care physicians and specialists. However, the complexities surrounding these seemingly simple concepts can lead to compliance problems. The focus of this presentation is to discuss the proper and compliant use of timeshare leases and the relatively new timeshare license arrangements that became permissible on and after January 1, 2016.
