Not All **HEROES** Wear Capes...

We hope everyone has been able to stay safe during one of the most trying years in recent memory. Yes, the COVID-19 pandemic has challenged our society. But during this difficult time, I have witnessed first-hand our hospital healthcare heroes rising to the occasion during this moment of truth. I have never been prouder to work with our hospital employees and leaders.

Unfortunately, we had to cancel the in-person Annual Awards Luncheon this year due to obvious safety reasons. But per the Dallas-Fort Worth Hospital Council's Board of Trustees, we believe it is our duty to honor this year's dedicated friends of healthcare. And so, a tradition that has taken place in North Texas for over seven decades will continue virtually.

This year, we will honor recipients for the **Distinguished Health Service Award**, the **Young Healthcare Executive of the Year Award** and the **Kerney Laday, Sr. Trustee of the Year Award**. Our Board of Directors is judging the nominees at this very moment. Once the decisions are made, we will acknowledge these healthcare heroes with a video tribute to be posted on **October 21, 2020**. The video will be themed, "Not All Heroes Wear Capes..." with a detailed career tribute to the recipients.

As a tribute to our hospital members, we have decided to offer complimentary sponsorships this year. Ad and logo space will be available within the virtual video to be posted online and distributed across North Texas.

Join us in celebrating not only these healthcare heroes, but your own dedication as you have worked tirelessly in support of the belief that better health makes a better community. We appreciate your work and participation.

Sincerely,
